The screenshot shows a web browser window with multiple tabs. The active tab is Google Scholar, displaying a confirmation message for the email address 'rfl.ru'. Below the message is a profile for 'Def Trust', a student at RUDN, with the subject 'математический анализ'. The profile includes a list of publications under the 'СТАТЬИ' tab.

The screenshot shows a web browser window with the ORCID.org profile of David Alekhin. The browser's address bar shows the URL `https://orcid.org/my-orcid?orcid=0009-0004-8379-6637&justR`. The page header includes the ORCID logo, the user's name "David Alekhin", and a language dropdown set to "English". A search bar is also present.

The main content area features a green ORCID ID badge with the text `https://orcid.org/0009-0004-8379-6637` and a link to "Preview public record". To the right, a yellow notification box states: "Thank you for registering with ORCID. We have sent verification emails to each of your registered email addresses. You need to verify at least one email address before you can begin adding information manually to your ORCID record." Below this is a "Resend verification email" button.

The left sidebar contains several sections: "Emails & domains" (with an edit icon), "Email addresses" (showing `trustdef@gamil.com` with a red eye icon), "Verified email domains" (showing "No verified email domains"), "Websites & social links", "Keywords", and "Countries".

The main profile section includes: "Names" (showing "David Alekhin" with a green eye icon), "Biography" (set to "Everyone" with a dropdown and edit icon), "Activities" (with a "Collapse all" link), and "Employment (1)" (a green header with "Add" and "Sort" buttons). Below the employment header, it shows "RUDN University: Moscow, Moscow, RU" (set to "Everyone" with a dropdown and edit icon) and the text "2024-09 to present | student (university) Employment". A blue "Помощь" (Help) button is at the bottom right.

The screenshot shows the Mendeley website homepage in a web browser. The browser's address bar displays the URL <https://www.mendeley.com/search/>. The page features a large background image of a metallic, circular mechanical component. The main heading is "Welcome to Mendeley". Below it, the text "Search for and add articles to your library" is followed by a search input field with the placeholder text "Search for articles..." and a blue "Search" button. A row of topic tags is visible: "Try: COVID-19 | Bioenergy | Obesity | Intrinsic Motivation". A grey box contains the text "Try the desktop app to manage your library" and a link "Download Mendeley Reference Manager". At the bottom, a light blue banner reads "Mendeley Supports Responsible Sharing" with a right-pointing arrow and the text "Learn how you can share". The footer is divided into four columns: "Products" (Reference Management, Datasets, Premium Packages), "Support" (Help Guides, Citation Guides, Support Center, Release Notes), "About Us" (About Us, Work at Mendeley, Contact Us, Accessibility, Blog, Advisor Community, Developers, Privacy Principles), and "Downloads" (Reference Manager, Web Importer, Citation Plug-in).

The screenshot shows the ResearchGate website interface. At the top, there's a navigation bar with the ResearchGate logo, links to Home and More, a search bar, and a user profile icon. Below the navigation bar, there's a banner area with the text "David, discover new research in your field" and a subtext "This is where you'll see updates from your network, including the people and publications you follow, as well as new research recommendations." Below the banner, there's a section titled "Suggested research based on your interests". The first article listed is "Hydromechanical field theory of plant morphogenesis" by Hadrien Oliveri and Ibrahim Cheddadi, published in March 2025, with 68 Reads and 1 Citation. The article is from the "Journal of the Mechanics and Physics of Solids". Below the article title, there are buttons for "Download", "Save", "Follow", "Recommend", and "Share". Below the article, it says "7 researchers follow or recommend this research". The second article listed is "Solving the Inverse Problem of Surface Reconstruction during Electron Beam Surfacing" by Dmitry Tikhonov, E. I. Krut'ko, S. S. Starikov, I. I. E. V. Matveev, published in May 2023, with 18 Reads and 2 Citations. The article is from the "Russian Journal of Nondestructive Testing". At the bottom of the page, there's a section titled "Available now for Android and iOS" with a QR code and buttons for "GET IT ON Google Play" and "Download on the App Store".

The screenshot displays the Academia.edu website. At the top, there's a navigation bar with a search bar and various icons. Below this, a sidebar on the left shows the user's profile 'Def Trust' and navigation links: 'My Network' (with counts for Followers, Following, and Suggested), 'Messages', 'Notifications', 'Bookmarks', and 'Profile'. A 'Create post' button is also visible. The main content area features a 'Share a thought with other scholars' input field. Below this, a 'Posted recently' section lists two posts. The first post is by Juan P Pringle, a user from Radboud University Nijmegen, who shares a personal story about growing up in poverty in Mexico City. The second post is by Josiah Flanigan, a user from the University of Oxford, who comments on the first post. A third post by Mária Pakucs is partially visible at the bottom.

I want to share about my life. I hope this inspires many worldwide, no matter who you are. As a little Mexican boy, I grew up in Mexico City in poverty. Every day was a struggle for me and my 13 brothers. My mama had a vendor cart where she sold her candies. My brothers and I were also born in that cart. Many memories there. Once I reached my junior year, I decided I wanted to pursue my dream of Liama, which is the study of certain Viruses in the bodies of mole rats ... see more
